Testimonials

“Seth Mattison is a force to be reckoned with. Seth spoke at one of our Leadership events and focused his message around “Managing 4 generations in the workplace”. His content was spot on. His keynote was engaging, interactive and connected directly with our audience. Seth did his homework and reached out to several members as well as visiting a member company before the event to ensure he was able to tie in “real-life issues” to the program. His message was just the jump start our members needed to begin reshaping their views and planning within their companies. His presentation was so compelling, that several of our member companies have asked him to attend their conferences or company events to share the knowledge. I would definitively recommend him again.” ”

“Seth did a fantastic job keynoting for us at our FMI Supply Chain Conference. He was spot on with all aspects of his presentation and his “prep work” on the front end set it all up. He was one of the most prepared and engaged speakers I have ever worked with. I am not surprised this has translated into increased momentum. I hope you're getting all the engagements you can handle.” ”
