Testimonials

Tom’s presentation style is very engaging which made the participants eager to learn. His extremely successful Leadership Accountability workshop created quite an impact within Brentwood Industries causing us to add classes due to the buzz around it. Tom put us on the road to creating a “Culture of Positive Accountability” which has helped us achieve many of our targeted key results. We are now all speaking a common language around this process through the use of the “Stepping up to the Plate” model. We continue to do follow-up workshops all based on Tom’s content. If you are looking for a consultant/facilitator to partner with your firm, I would strongly urge you to work with Tom Blaisse. His dedication to his craft has made a huge difference in our organization.

The Positive Accountability workshop that Tom delivered was exactly what we were looking for. His high-energy presentation style was very engaging and helped the participants remain attentive and involved. The activities in the session utilized real-life examples that helped our team members apply the concepts back on the job. Tom’s program has helped us to move from “bench-
