Testimonials

Julie was very professional and pleasant to work with. She spent time researching our industry on her own so she could customize her content. She's truly a creative individual.

- Mega Conference (700 newspaper executives).

It was a pleasure having Julie speak at our ASD International Retail Conference in Las Vegas. The retail and wholesale small business owners appreciated her topic "Using Innovation for Competitive Advantage". The interactive creativity exercises helped get the audience involved, and demonstrated that creativity in business is definitely the way to beat the competition at their own game. I would highly recommend her speaking services.
