Liz Wiseman teaches leadership to executives around the world. She is the President of the Wiseman Group, a leadership research and development firm headquartered in Silicon Valley. Some of her recent clients include: Apple, Salesforce.com, GAP, Nike, Symantec, SAP, Microsoft, Genentech, Roche and Dubai Bank.

She is the author of Multipliers: How the Best Leaders Make Everyone Smarter, a Wall Street Journal bestseller. She has conducted significant research in the field of leadership and collective intelligence, is a frequent keynote speaker, and writes for Harvard Business Review and a variety of other business and leadership journals.

A former executive at Oracle Corporation, she worked over the course of 17 years as the Vice President of Oracle University and as the global leader for Human Resource Development. During her tenure at Oracle, she led several major global initiatives and has worked and traveled in over 32 countries.

Liz holds a Bachelors degree in Business Management and a Masters of Organizational Behavior from Brigham Young University. Liz lives in Menlo Park, California with her husband and 4 children who share her over-active curiosity and sense of adventure.

Testimonials

Liz was AMAZING! She was by far the BEST speaker we have had at our Summit. The vast majority of our attendees thought her talk was one of the highlights of our summit. She was very engaged in the process of preparing for our event, and she held everyone's captive attention for the entire 90 minutes. We could not be more pleased with having her speak at our event. Thank you for your support in helping us make Liz's keynote such a success!

- Edwards Lifesciences.

Everything went great! Liz joined us for our reception and had a chance to meet some key people. Her session was awesome and the group has been talking about it since and bringing it into other discussions. All in all, it was a hit! Thank you for all your help in pulling this together.
