

**Peter Warren Singer** is Strategist and Senior Fellow at the New America Foundation, the author of multiple award-winning books, and a contributing editor at *Popular Science*. He has been named by the Smithsonian as one of the nation's 100 leading innovators, by Defense News as one of the 100 most influential people in defense issues, by Foreign Policy to their Top 100 Global Thinkers List, as an official "Mad Scientist" for the U.S. Army's Training and Doctrine Command, and by Analytica social media data analysis as one of the ten most influential voices in the world on cybersecurity and 25th most influential in the field of robotics. Described in the *Wall Street Journal* as "the premier futurist in the national-security environment," Dr. Singer is considered one of the world's leading experts on changes in 21st-century warfare, with more books on the military professional reading lists than any other author, living or dead. He has consulted for the US Military, Defense Intelligence Agency, and FBI, as well as advised a range of entertainment programs, including for Warner Brothers, Dreamworks, Universal, HBO, Discovery, History Channel, and the video game series Call of Duty, the best-selling entertainment project in history. He served as coordinator of the Obama campaign's defense policy task force and was named to the US Military's Transformation Advisory Group, and is an Associate with the US Air Force's China Aerospace Studies Institute. He has provided commentary on security issues for nearly every major TV and radio outlet, including ABC, Al Jazeera, BBC, CBS, CNN, FOX, NPR, and the NBC Today Show. In addition to his work on conflict issues, Singer served as a member of the State Department's Advisory Committee on Intern...

## Testimonials

“You were awesome. I only worry that the students will expect this high quality in all my events. A good problem to worry about.”

- University speaker series organizer.

“Singer really showed us that we were only scratching the surface of what we should be thinking about in the future. After listening to him, we have never been able to look at the world the same way again.”

- Head of Game Developer Studio.
