

Referred to by his fans as “the Artist for the People”, **Phil Hansen** is an internationally recognized multimedia artist, speaker, author and innovator -- at the forefront of bringing art to a wider audience. Crashing irreverently through conventional boundaries, Phil works at the intersection of traditional art, electronic media, offbeat materials, and interactive experiences. He is most widely known for his meta-art, videos that document the creation process (sometimes even through destruction), showing millions that art is action, not just result. Hansen’s work also extends deeply into traditional media with features on the Discovery Channel, Good Morning America, the Rachael Ray Show, and Last Call with Carson Daly, Glamour and many more. His work is sought-after by many influential clients including the Grammy Awards, Disney, Skype, Mazda and the Rockefeller Foundation.

For the tens of millions who have seen Phil’s art on TV and online, it’s hard to imagine that his artistic journey nearly came to an end when a tremor developed in his drawing hand. In exploring new ways to create art, Phil discovered that by embracing his shake, limitations could become the passageway to creativity. His inspirational story was first shared on the TED stage to a standing ovation, and then shared around the world including on PBS, BBC and CCTV. Now, Phil’s ability to draw parallels to the business setting has won him followers among industry and business leaders, leading to invitations to speak at the TED2013 conference, Adobe MAX Creativity Conference, World 2Summit of Nobel Peace Laureates, and the Million Dollar Round Table. “Phil’s message of self-reinvention and the power of transforming adversity into opportunity is one that translates well acr...

Testimonials

“Awesome setup, made it feel like we were right there with him with the video production that he does. His interactive presentation was engaging and our team really seemed to love that part of it. I like the fact that we’ll have something tangible at the end of this that we can incorporate into small things internally. I was watching our audience numbers the whole time. There was no drop-off.”
