Testimonials

☐ You were fabulous this morning at our sales meeting! Your story is inspiring and you "deliver the goods" both in terms of content and polish of performance. Impressive!

- Alain Pinel Realtors.

☐ Thank you for a great presentation on the art of public speaking today at Hult International Business School! In addition to being an inspiring role model for women to become confident, personable public speakers, I appreciated your insights on sales from your experiences and how you shared your wealth of knowledge from being a self-made entrepreneur who started as a hair stylist. Moreover, your Frippisms on 'who wants to know you' and 'opportunity knocks' resonated with me because they highlighted precisely what I need to improve on. Given the Chinese culture's emphasis on humility, you also resolved my problem of distinguishing myself without appearing to boast by accepting compliments and sharing the recognition with distinction.
