- Disruption

## Testimonials

"We were much honored to host you at our annual conference held at our Washington DC headquarters. The Market Abuse Unit investigates large-scale market abuses and complex manipulation schemes by institutional traders, market professionals and others. As such, we were focused on the discussion of these topics in your book *The Speed Traders*, copies of which we purchased for each of our unit supervisors. We really appreciated your first-hand impressions of the current trading world as well as your thoughts on how trading practices will evolve in the future."

- Chief, Market Abuse Unit, U.S. Securities and Exchange Commission (United States).

"Thank you very much for your participation in Berlin at the European Institute CEO Roundtable. Your presentation was fascinating, a really informative session. The delegates seemed to hang off your every word! We greatly appreciate you taking the time out of your busy schedule to join us for the event and look forward to working with you again in the near future."

- Director, European Institute (United Kingdom).
