

Kathleen Wood has spent over 20 years developing highly effective systems designed to achieve growth, operational improvement/alignment that enhances people, performance, and profits. Her B.O.L.D. Leadership platform has been embraced and applied to Fortune 100 companies, entrepreneurs, non-profits, start-ups, and turnarounds. She reveals compelling, practical, and revolutionary solutions she developed while in the trenches that accelerate what organizations can achieve with B.O.L.D. Leadership. She not only consults others on B.O.L.D. leadership, she lives it herself day in and day out. She knows how it feels to get fired up every day to go win in a dynamic marketplace! She is the co-Founder of Suzy's Swirl, a family-owned dessert business dedicated to re-igniting the American Dream and disrupting franchising through their innovative "famchise" model.

Testimonials

"Ask a colleague about Kathleen and the words that are quickly used to describe her are smart, dynamic, energetic, creative, tireless, inspirational, generous, amazing, real, talented and very funny. She is all of that and more! I frequently share stories about how Kathleen helped me from the very beginning to shape the vision for our People Report consortium, and to build it into the resource that it is today for the service sector workforce, and the food service industry. Her advice, encouragement, and unfailing belief in our work was a constant that made the difference on many occasions. As the closing keynote speaker for our workforce symposium, Kathleen introduced her book, *The Best Shift of Your Life*, to a raptly attentive audience who laughed, cried and took furious notes and then gave her a standing ovation!
