

Ever since he was a little boy, **Dr. Leroy Chiao** wanted to explore the galaxy. **Dr. Leroy Chiao** is a renowned American astronaut and international space station commander. Now a veteran of four space missions, Astronaut Chiao has logged over 229 days as a commander at the International Space Station. Working with other astronauts from all over the world, Dr. Chiao has been a leader in the American, Russian, Japanese, European and Chinese space programs. On top of his vast technical knowledge and biomedical expertise, Chiao has used his life of exploration and adventure to inspire others to pursue their dreams and become the definition of greatness.

He speaks from experience on important business topics such as leadership, how to combat complacency, and essentials to bring your business to the next level. A pioneer in the commercial space sector, his accomplished track record in space, in the lab, and in the business world offers audiences an unparalleled perspective into space exploration and how lessons learned apply to businesses worldwide. His broad technical expertise allows him to offer compelling insights on future technology trends, the fascinating biomedical effects of spaceflight, and how businesses must pay attention to technology and innovation to stay on top. In his presentations, Chiao shares breathtaking photos and awe-inspiring stories of leadership, innovation, and running international teams from his four space missions, including nail-biting tales of real emergency situations, and shows audiences how his out-of-this world knowledge can impact their organizations. Few people have reached the heights in their careers that **Leroy Chiao** continues to experience, and he is happy to offer the benef...
