Testimonials

“ Last week at our annual kick-off sales meeting, Jim Murphy was one of our keynote speakers. He was fantastic...I questioned the relevance of a fighter pilot to business. Believe me, he brings it all together in terms we could relate to and with a program that keeps you on the edge of your seat with periodic goose bumps on your arms. He spoke for 1-1/2 hours; I wish it would have been 3.” ”

- Honeywell.

“ Afterburner really delivered for us. Excellent energy! They arrived at our conference prepared with industry specific language and scenarios directly applicable to our audience. Not only do they motivate, they present new concepts and reinforce core principles of management in a high impact way.” ”
