- Invigorating Speaker.

Dale brought her talents to Ahern as a part of our ongoing speaker series, initially launched as a part of our 140th anniversary celebration. Her message resonated with our live attendees as well as those joining us virtually and had the entire audience engaged, reflecting, and of course, laughing as well. She made it a point to create real connections, personally walking through the audience and welcoming people individually as they took their seat, and casually conversing afterwards; her approach was impactful and clearly resonated as our employees are still talking about her session. Dale infuses her real-life experiences into her message which allows the entire audience to easily be brought along on her journey. Her message is engaging, inspiring, and authentic;

her attitude and personality genuine and uplifting; and her energy infectious!
